

## 100 Cable Machine

**Don't let small jobs squeeze you out.** The Spartan 100 Cable Machine is perfect for clearing out smaller lines, holding up to 75 feet of cable in a compact adjustable frame. And since it carries the precision and power you expect from Spartan, you can count on the 100 to get you out of even the tightest spots over and over again.

The Model 100 operates equally well positioned vertically, horizontally or at any angle in between.

Unit shown with optional power feed.
